**Sir:**

In connection with the above-identified U.S. Patent Application, the Applicant has received a Notice to File Missing Parts. In addition to indicating the need for a signed Declaration in this case, the Notice of Missing Parts indicates that a fee is due for an additional dependent claim in this case. That is, the Notice indicates that a total of thirty-five (35) claims were presented in this application.

Contrary to this indication in the Notice, the application was filed with only thirty-four (34) claims, the full fee of which was paid at the time of filing. The undersigned contacted the initial patent examination division and discussed with personnel, who retrieved and reviewed the file, that in fact only thirty-four (34) claims are present in the application and the full filing fee was previously paid. However, if any additional fees are deemed necessary in connection with this filing, authorization has been provided to charge deposit account number 04-1075 as needed.

If there are any additional concerns or questions concerning this matter, the patent office personnel is respectfully requested to contact the undersigned at the number provided below for clarification.

Respectfully submitted,
